

Ontario 2007-2008

Course Name	Course Number	No. Days	Price	# of Voucher	Deluxe Kit	January				February				March				April			
						6	13	20	27	3	10	17	24	2	9	16	23	30	6	13	20
Controllogix Controllers																					
ControlLogix System Fundamentals	CCP146	2.0	\$990	3	\$1,883	T				T						T					
RSLogix5000 Basic Ladder Logic Programming** Deluxe Kit includes all 4 CBT's	CCP151	2.0	\$990	3	\$2,249	TH				TH						TH					
Controllogix Maintenance & Troubleshooting** Deluxe Kit includes all 4 CBT's	CCP153	4.0	\$1,980	6	\$3,239		T				T						T				
RSLogix5000 Project Development ** Deluxe Kit includes all 4 CBT's	CCP143	4.0	\$1,980	6	\$3,239						T										
RSLogix5000 Motion Programming Using Ladder Logic	CCN142	3.0	\$1,650	5	\$2,909								M								
Programmable Controllers																					
PLC-5/SLC500 Fundamentals Using RSLogix	CCP122	2.0	\$990	3	\$1,661				M							M					
PLC-5 Maintenance & Troubleshooting	CCP412	4.0	\$1,650	5	\$2,321				T								T				
PLC-5 Programming	CCP410	4.0	\$1,650	5	\$2,321					T											
PLC-5 Advanced Programming	CCP411	4.5	\$1,980	6	\$2,651						M										
SLC500 Maintenance & Troubleshooting	CCPS43	4.0	\$1,650	5	\$2,321							T									
SLC500 Programming	CCPS41	4.0	\$1,650	5	\$2,321								T								
SLC500 Advanced Programming	CCPS42	4.0	\$1,650	5	\$2,321									T							
Drives ** All Pwflex classes use Pwflex700 demos																					
1557 Medium Voltage Drive - DUNDAS LOCATION NOT GMS	CCA156	4.0	\$2,975																		
PowerFlex 7000 Drive - DUNDAS LOCATION NOT GMS	CAN700	4.0	\$2,975																		
Medium Voltage Starter & Soft Starter - DUNDAS LOCATION	CAN800	4.0	\$2,975																		
1336 Impact Maintenance & Troubleshooting	CCA136	3.0	\$1,320	4														M			
AC/DC Motors & Drives Fundamentals	CCA101	2.0	\$990	3	\$1,661														M		
1336 Plus II Maintenance & Troubleshooting	CCA137	3.0	\$1,320	4															W		
Guard PLC 1600/1800 Controller Systems Fundamentals	SAF-PLC101	2.0	\$990	3															TH		
Guard PLC 1600/1800 Controller Systems Maintenance & TS	SAF-PLC102	1.0	\$990	3																	
Guard PLC 1600/1800 Controller System Programming	SAF-PLC103	1.0	\$990	3																	
PowerFlex70/700 AC Drive Configuration & Maintenance	CAN-160	3.0	\$1,320	4															T		
PowerFlex70/700 AC Drive Configuration Startup	CCA161	1.0	\$660	2															F		
PowerFlex70/700 AC Drive Maintenance & TS	CCA163	1.0	\$660	2															M		
PowerFlex70/700 AC Drive Communications on DeviceNet	CCA162	1.0	\$660	2															T		
Powerflex 700s Maintenance & Troubleshooting	PFX700S	3.0	\$1,650	5															W		
1395 DC Drive Maintenance & Troubleshooting	CDD131	3.0	\$1,320	4																	
Automax D-C Drive Distributed Power Systems	REO521	4.0	\$1,980	6															T		
Communication																					
DeviceNet Maintenance & Configuration	CCP164	3	\$1,320	4	\$1,991	M										M					
Configuring & TS a ControlNet Network	CCP172	3.0	\$1,320	4	\$1,991														T		
Introduction to Automation & Intergrated Architect	CAIA101	2.0	\$1,320	4							W										
EtherNet/IP Design & Configuration	CCP174	2.0	\$990	3					W							W					
Operator Interface																					
PanelView 550/600/900/1000/1400 Application Development	CCP196	2.0	\$990	3																	
PanelView 1000e/1200e/1400e Application Development	CCP198	2.0	\$990	3																	
Intelligent Motion																					
Motion Control Fundamentals	CCN130	2.0	\$990	3																	
1394 Maintenance & Troubleshooting with GML Commander	CCN183	4.0	\$1,650	5																	
1394 Programming with GML Commander	CCN184	4.5	\$1,980	6																	
Rockwell Software																					
RSView32 Project Development	RS-RSVTRG	4.5	\$2,310	7						M											
RSView ME Programming for the PanelView Plus	CCV204	4.0	\$1,980	5	\$2,543						W								W		
RSView SE Programming	RS-RSVSE	4.5	\$2,310	7															M		
RSBizware Historian/PlantMetrics	RSBIZ001	4.0	\$1,980	6																	
Entek Courses																					
Time Waveform Analysis	ICM281	2.0	\$990	3																	
Using Your DataPac	ICM161	3.0	\$1,320	4																	
Emonitor Odyssey/Enshare Basic	ICM141	4.0	\$1,650	5																	
Emonitor Odyssey/Enshare Advanced	ICM221	4.0	\$1,650	5																	
Dynamic Balancing + Optional Certificate Exam (\$300 extra)	ICM121	3.0	\$1,320	4																	
Introduction to Vibration Techonology (ISO Category I)	CANICM105	4.0	\$1,650	5															T		
Basic Vibration Analysis (ISO Category II)	CANICM205	5.0	\$1,980	6																	
Vibration Signature Analysis II	ICM261	3.0	\$1,320	4																	
Vibration Signature Analysis III (Optional 1/2 day Cert \$300)	ICM301	3.0	\$1,320	4																	
XM Installation and Support	CANICM120	2.0	\$990	3																	

**NEW STARTING IN JANUARY 2008 - Ontario Schedule will be combining our Brampton, ON and Cambridge, ON schedule into ONE.

Both location's on one page for ease of selecting course dates that fit into your schedule.

Legend M =Monday T=Tuesday W= Wednesday TH=Thursday **YELLOW = Holiday** There is a 3 Student Minimum

Cambridge Classes are RED and Brampton are Blue

Deluxe Kit price consists of your RA Training Class with a reduced price corresponding CBT (Computer Based Training) CD

Ask your local Allen-Bradley Distributor or Rockwell Automation Training Coordinator for more information or to register today!

For Updated Training Class Information and Locations, please refer to our Website located @ www.rockwellautomation.ca
